

Are You With the Right Partner? Find Your Astrological Soul-Mate.

Astrological compatibility can determine the success of your relationship.

Your horoscope is a blueprint that discloses the qualities of your soul mate.

Knowing your sun sign is not enough. Knowing your horoscope - all the planets, signs, houses and aspects - is critical for you to understand your own needs and desires.

Your astrological chart reveals your personality, emotional temperament, intellectual capabilities and sexual interests and how you can best please yourself and partner.

Relationships involve the interaction and synastry of two astrological charts, including natal, progressed and transiting planets, signs and houses of you and your partner.

Your horoscope is based on your birth date, time and place and can be calculated and delineated by a qualified astrologer trained, accredited and certified in astrology.
